Re: Acknowledgment of BESE Authorization

Dear Ms. Holliday:

This letter is to acknowledge that University View Academy was approved and opened as a charter school in the school year 2011-2012. On July 1, 2011, University View received their first contract and entered into an agreement between the Louisiana Board of Elementary and Secondary Education and Foundation for Louisiana Students. Since then, the school has continued to meet the requirements for renewal and received their most recent contract on July 1, 2022.

Sincerely,

*Pam Schooler*
